A diverse workforce and inclusive culture lead to better decision-making and client outcomes.

DEI is an opportunity and not a problem to be solved.

Clarion Partners recognizes diversity, equity, and inclusion (DEI) as both cultural and business imperatives. A diverse and inclusive workplace enhances our culture and leads to improved engagement and more fulfilling experiences for our employees.

Through a multi-year DEI strategy aligned with our business goals and objectives, we are committed to building a foundation where all employees treat one another with respect and dignity and that everyone feels comfortable coming to work as their whole self each day.
